Merry Christmas from Our Home to Yours

December [day]

Dear [First name],

Merry Christmas and happy holidays!

Thank you for being part of our year. Your kindness, your laughter and your calls just when we needed them mean more than you know. This season, we're thinking of you and hoping your home is full of warmth.

> Our Year in Review (optional): Summer road trip to the lake. Emma started middle school. Baked far too many cookies.
